**By Byron S Gottfried : Schaum's Outline of Programming with C** Schaum's Outline of Programming with C:

2 of 2 review helpful I particularly like this treatment because of the many opportunities for programming By A Gordon This book is right up there with Waite s New C Primer Plus 2nd edition for learning C as a self study source This Schaum s outline is especially clear and doesn t try to cram too much information in one chapter I particularly like this treatment because of the many opportunities for program Confusing Textbooks Missed Lectures Not Enough Time Fortunately for you there s Schaum s Outlines More than 40 million students have trusted Schaum s to help them succeed in the classroom and on exams Schaum s is the key to faster learning and higher grades in every subject Each

Outline presents all the essential course information in an easy to follow topic by topic format You also get hundreds of examples solved problems and practice exerci About the Author Byron S Gottfried is a Professor of Industrial Engineering and Academic Director of the Freshman Engineering Program at the University of Pittsburgh He has written eleven college textbooks including Schaum s Outline of Programming with Basic
