By Melissie Clemmons Rumizen : The Complete Idiot's Guide to Knowledge Management i have a 28 speed and knowing when to shift and what gear to shift to is driving me nuts i need an idiots guide to shifting help well you got it this guide tackles every twitter feature tip and trick you can think of learn to work the interface how to tweet from your desktop as well as cool twitter bots The Complete Idiot's Guide to Knowledge Management:

3 of 3 review helpful Book review from a KM professional By Robert A Dalton This is my review of The Complete Idiot s Guide to Knowledge Management book copyright 2002 authored by Dr Melissie Clemmons Rumizen ISBN 0 02 864177 9 I am usually highly skeptical of any book having idiot s guide in the title especially meant for technical fields but after reading another members post about this book I dec You rsquo re no idiot of course You know that knowledge is power However teamwork is the key in today rsquo s new corporate economy and keeping things to

yourself won't benefit you or your company. But you don't have to reinvent the wheel. The Complete Idiot's Guide to Knowledge Management will show you exactly how to share information among your peers to help your company achieve greater success. About the Author: Melissie Clemmons Rumizen, Ph.D., is Knowledge Strategist at Buckman Labs, hailed as one of the top examples of knowledge management implementation in the United States. She also developed and maintains the award-winning Buckman Lab.
