**By Bruno R. Preiss : Data Structures and Algorithms with Object-Oriented Design Patterns in Java**

introduction to design patterns on saturday february 13 from 430 est new york time and 1000 1300 eet utc 900 1200 i will be making a presentation java 101 datastructures and algorithms part 1 explore datastructures algorithms flowcharts pseudocode and arrays Data Structures and Algorithms with Object-Oriented Design Patterns in Java:

Create sound software designs with data structures that use modern object oriented design patterns Author Bruno

Preiss presents the fundamentals of data structures and algorithms from a modern object oriented perspective The text promotes object oriented design using Java and illustrates the use of the latest object oriented design patterns Virtually all the data structures are discussed in the context of a single class hierarchy This framework clearly shows the rel
