4 of 4 review helpful Only thing missing is XML By Customer I bought both this book and the Microsoft Press 70 461

Training Kit not realizing how similar they are Since I am studying for the exam in retrospect the Training Kit was the one to pick because it includes a chapter on XML which the T SQL Fundamentals book does not have Other than that one difference and if I were not studying for the exam I would prefer Gain a solid understanding of T SQL and write better queries Master the fundamentals of Transact SQL and develop your own code for querying and modifying data in Microsoft reg SQL Server reg 2012 Led by a SQL Server expert you rsquo ll learn the concepts behind T SQL querying and programming and then apply your knowledge with exercises in each chapter Once you understand the logic behind T SQL you rsquo ll quickly learn how to writ About the Author Itzik Ben Gan is a principal mentor and a founder of SolidQ A Microsoft MVP for SQL Server since 1999 Itzik teaches and consults internationally on T SQL querying programming and query tuning He has written numerous articles for SQL S
