**By Jessica Minnick, Lisa Friedrichsen : Web Design with HTML & CSS3: Introductory (Shelly Cashman Series)** Web Design with HTML & CSS3: Introductory (Shelly Cashman Series):

1 of 1 review helpful but I have been doing this for a long time and I would recommend against this book since there are many better places By Customer Very basic and may be a little fast paced for beginners This will teach you how to make static web pages and by the end of it you should be able to create a semi decent website but honestly overall it s nothing you can t learn for free through CodeAcadamy a few Yo Explore the latest industry leading website

development practices with the newest book in the popular Shelly Cashman Series For more than three decades Shelly Cashman Series books have effectively introduced computer skills to millions of students Now WEB DESIGN WITH HTML5 AND CSS3 INTRODUCTORY 8E brings today s best practice in website development into focus with meaningful applications HTML5and CSS3 provide the cornerstone technologies you need to pursue a broad
