0 of 5 review helpful Amazing By Thierry Gaudin A fundamental work in mathematics I was impressed also by the quality of the shipment which was made in India with excellent protection of the book which came in France in perfect state Please thank the sender for his care 92 of 93 review helpful Biggest return for the biggest investment By Randall Helzerman This was t Written by two experts in the field this is the only comprehensive and unified treatment of the central ideas and applications of Kolmogorov complexity The book presents a thorough treatment of the subject with a wide range of illustrative applications From the reviews of the second edition We are indeed in the information age and the scientific exploration of information and the laws that govern its behavior has taken center stage in the dramatic development of sciences Kolmogorov complexity is a centr
