By Kyle Simpson : You Don't Know JS: Up & Going performance comparison of a wide spectrum of web application frameworks and platforms using community contributed test implementations with instructables you can share what you make with the world and tap into an ever growing community of creative experts how it works new

instructable You Don't Know JS: Up & Going:

18 of 19 review helpful well written and understandable By Tracy Kamradt Not only does the author know what he s talking about he knows how to communicate it As a long time Java programmer many of the aspects of JavaScript were mysterious and obtuse or at least the way they were explained made them seem that way Scope and Closure are two of those aspects and now they seem simple obvious artifacts of the functional na It rsquo s easy to learn parts of JavaScript but much harder to learn it completely mdash or even sufficiently mdash whether you rsquo re new to the language or have used it for years With the You Don rsquo t Know JS book series you rsquo ll get a more complete understanding of JavaScript including trickier parts of the language that many experienced JavaScript programmers simply avoid The series rsquo first book Up Going provides About the Author Kyle Simpson is an Open Web Evangelist from Austin TX He s passionate about JavaScript HTML5 real time peer to peer communications and web performance Otherwise he s probably bored by it Kyle is an author workshop trainer tech sp
