2 of 2 review helpful Valuable and easy to go GUI material useful for Matlab programmers of all levels By Igor Mitkov Having 13 year experience in Matlab before I appeared to be in a situation where I had to create functionally

complicated nice looking and user friendly GUI I m applied mathematician with both academic and industrial R D experience without any graphic design background Unfortunately modern versions For a variety of reasons the MATLAB reg Java interface was never fully documented This is really quite unfortunate Java is one of the most widely used programming languages having many times the number of programmers and programming resources as MATLAB Also unfortunate is the popular claim that while MATLAB is a fine programming platform for prototyping it is not suitable for real world modern looking applications Undocumented Secrets of MA About the Author Yair Altman author of the extremely popular UndocumentedMatlab com website is well respected in the MATLAB community as the de facto guru on undocumented MATLAB features and the MATLAB Java interface in parti
