5 of 5 review helpful My favorite jQuery book By YoDaddy I have purchased borrowed other books on the subject but this one did it for me I m only four chapters in and already more confident using the jQuery online documentation and writing much more efficient succinct code This is my first title from this publisher authors I am very happy with this purchase because 1 Examples sample code SummaryjQuery in Action Third Edition is a fast paced and complete

guide to jQuery focused on the tasks you'll face in nearly any web dev project. Written for readers with minimal JavaScript experience this revised edition adds new examples and exercises along with the deep and practical coverage you expect from an In Action book. You'll learn how to traverse HTML documents, handle events, perform animations, write plugins and even unit tests. About the Author: Bear Bibeault is coauthor of Manning's bestselling *Secrets of the JavaScript Ninja* along with *Ajax in Practice* and *Prototype and Scriptaculous in Action*.
