By Rick Umali : **Learn Git in a Month of Lunches** you get the ebook free when you buy any manning pbook ever wish there were a netflix style subscription service for brand new movies that just released in theaters well there is its called moviepass and now for Learn Git in a Month of Lunches:

14 of 14 review helpful We finally have a readable book about Git By Jim Fathman If you have only makeshift knowledge of Git acquired by osmosis cheat sheet and asking your office buddy you will reach a point where it becomes necessary to learn Git systematically and comprehensively With that in mind I have tried reading several different books about Git over the last few years but they all lacked well readability Summary Learn Git in a Month of Lunches introduces the discipline of source code control using Git Whether you're a newbie or a busy pro moving your source control to Git you'll appreciate how this book concentrates on the components of Git you'll use every day

In easy to follow lessons designed to take an hour or less you'll dig into Git's distributed collaboration model along with core concepts like committing branching and merging. About the Author Rick Umali has been a part of some of Boston's pioneering high tech companies. He uses Git daily as a developer and his patient style with presenting complex difficult concepts has made him a valued consultant, trainer and speaker.
