By Teodor Rus : Computer-Based Problem Solving Process quotes what information consumes is rather obvious it consumes the attention of its recipients hence a wealth of information creates a poverty of attention and a decision making process in management problem solving article posted by gaurav akrani on kalyan city life blog Computer-Based Problem Solving Process:

One side effect of having made great leaps in computing over the last few decades is the resulting over abundance in software tools created to solve the diverse problems. Problem solving with computers has in consequence become more demanding instead of focusing on the problem when conceptualizing strategies to solve them users are side tracked by the pursuit of even more programming tools as available Computer Based Problem Solving Process is a wor
